Day 1 | Read and Notice

Do Now

What do you already know about rivers, civilizations, and human settlement?

Source 1

Rivers provide freshwater, transportation routes, and fertile soil in many places. Communities along the Nile, Niger, and other rivers developed different farming and trading systems. Floods can bring nutrients but also danger. Maps, rainfall data, and settlement patterns help explain how people adapt to river environments.

Source investigation

Identify two details that help answer the essential question.

Quick Write

Explain one important source detail.
